

AgraSyst 90™

WHAT IT IS

Premium Blend Non-Ionic Surfactant
Not just another 90% NIS!
HLB Balanced Premium Surfactant Blend With Built In Humectant

WHAT IT DOES

- Replaces any non-ionic surfactant

USE RATES

AgraSyst 90™ use rates should be applied between 1 qt (0.25% v/v) to 5 qts (1.25% v/v) per 100 gallons of spray solution

PACKAGE SIZES:

- 2 x 2.5 gallon jugs
- 30 gallon drums
- 250 gallon totes

Originally designed and built to replace normal non-ionic surfactants with a high quality surfactant blend; priced to match most NIS surfactants

AgraSyst 90™ is an HLB balanced blend

AgraSyst 90™ contains a humectant (*draws moisture from the environment*)

AgraSyst 90™ contains some cationic surfactant

AgraSyst 90™ can be used in any application like any other 90% NIS

Efficacy of AgraSyst 90™ Compared to an Industry Standard NIS
